

# Funds for Myanmar Spring Children (FMSC)

(Tribute to the Fallen Heroes of Myanmar Spring Revolution)

FMSC is an education fund for Myanmar's post-Spring Revolution. Many brave heroes fought and sacrificed their lives during the spring revolution of Myanmar. We dedicate this fund to providing financial assistance to the surviving children of those fallen heroes. The fund is an independent charity supported and sponsored by donors from around the world (Burma, USA, UK, Singapore, etc.).

In Burma, many families struggle to send their children to school even when both parents or their guardians are still alive. Imagine the loss of any of the parents. It is almost certain that children of such families will encounter extreme difficulties to be in school. Many children will have no choice but to drop out of school. Many of them will lose hope thinking "there is no opportunity for education". As a result of loss of their parent(s), there would be negative impacts on those children's mental and physical well-beings.

The fallen heroes may not rest peacefully in their afterlife. It would be tremendously heartbreaking seeing their children in such physical and psychological stress. We strongly believe that loss of parent(s) should not prevent these children's opportunities to be in school.

Therefore, we would like to urge people from all over the world to donate for supporting children of the fallen heroes in the Myanmar Spring Revolution.

Our aim is to provide Myanmar's Spring Children with extra support to ensure they continue with their education even in the post-revolution time. The money raised will be used to fund their education.

## Notes:

\*The expected number of students to be supported is approximately 200 for now. Depending on the amount of funds raised, the project will attempt to support even more than 200 students. Ideally, we will attempt to be able to provide to all children whose parents (mother/father/guardians) have fallen due to Myanmar Spring Revolution.

\*\*Exceptional cases (outstanding students, and students of families with health challenges, etc.) will be considered on a case-by-case basis. A higher stipend amounts would be allocated based on needs.
